

MOTION BY SUPERVISOR DON KNABE

July 13, 2010

The South Coast Botanic Garden Foundation completed two projects at the County’s beautiful South Coast Botanic Garden in Palos Verdes Peninsula. The new fuchsia trellis replaces a deteriorated trellis in the existing fuchsia garden with a permanent wooden structure providing shade and an aesthetically appealing addition to this featured area of the garden. The parking lot resurfacing resulted in the re-striping of all parking spaces to ensure a more pedestrian friendly access to the garden with added tree planters and succulent, water-wise display plantings, which provide shade and color year round.

Both of these facility upgrades will enhance the experience for visitors to the Garden for years to come.

**I, THEREFORE MOVE**, that the Board of Supervisors of the County of Los Angeles hereby accept with thanks the donation of the fuchsia trellis and the parking lot resurfacing project valued at \$31,290 and \$57,752 respectively; and send a letter of appreciation to the South Coast Botanic Garden Foundation.
